Formats: Wav Acid Rex2 Halion Kontakt EXS SFZ Stylus RMX NNXT

Genres : Electro House Deep House Electro House Minimal House Progressive House

Electro Collection bundles together two of Wave Alchemy's award winning sample packs — Electro House Underground and Electro House Progressions and offers them at a giveaway price of £59.95! (Saving you a massive £15.00!)

Originally designed as accompanying sample packs, Electro House Underground and Electro House Progressions offer an extensive and ultimately complete collection of drum loops, synth hits and royalty free sound effects samples ideal for top-flight electro house and progressive production.

All samples have been produced to perfection using a wealth of high-end studio equipment with the sounds themselves taking influence from the underground dance music scene and its leading producers.

The combination of these two classic sample libraries gives you a whopping 1.5GB+ (before file conversions) of expertly produced Electro and Progressive House samples, loops and sound effects!

What's included in the sample pack?

Over 1.5 GB (before file conversions) of 100% royalty free minimal, progressive and electro house samples, loops and sound effects!
